8. θ Yes θ No **FOR ULCERATIVE COLITIS:** Has the member previously used at least one conventional therapy agent (e.g., a corticosteroid, azathioprine, or 6-mercaptopurine, etc.) prior to the initiation of Risankizumab (Skyrizi)?

9. θ Yes θ No Has the member previously used a biologic (e.g., adalimumab (Humira), etanercept (Enbrel), apremilast (Otezla), ustekinumab (Stelara), etc.) or is currently using risankizumab (Skyrizi)?

Please document the symptoms and/or any other information important to this review:

SECTION B Physician Signature

PHYSICIAN SIGNATURE DATE

FAX COMPLETED FORM TO: 1-877-251-5896

Our response time for prescription drug coverage standard requests is 72 hours. If you or your prescriber believe that waiting 72 hours for a standard decision could seriously harm your life, health, or ability to regain maximum function, you can ask for an expedited (fast) decision. If your prescriber indicates that waiting 72 hours could seriously harm your health, we will automatically give you a decision within 24 hours. If you do not obtain your prescriber's support for an expedited request, we will decide if your case requires a fast decision. You cannot request an expedited coverage determination if you are asking us to pay you back for a drug you already received. View our formulary and Prior Authorization criteria online at http://www.scanhealthplan.com
